

Research & Development

We strive to improve manufacturing process as well as product quality to increase customer satisfaction. In 2016, we implemented the heat treatment system to achieve consistent needle quality, stability and strength. Moreover, we are focusing on enhancing the existing process and making machines for the perfection of needle's Latch and Butt parts. We believe that the advanced quality of needles will satisfy our customers.

KNITTING NEEDLE

Circular / Transfer / Raschel / Wire / Sinker / Knife

Greeting

We would like to say thank you to customers who support DSNEEDLE Co.,Ltd.
 We aim to be the best company in textile industry based on the company motto :
 "Leading technology", "Sincerity in Customer Service" and "Harmonious Relationship with Colleagues"

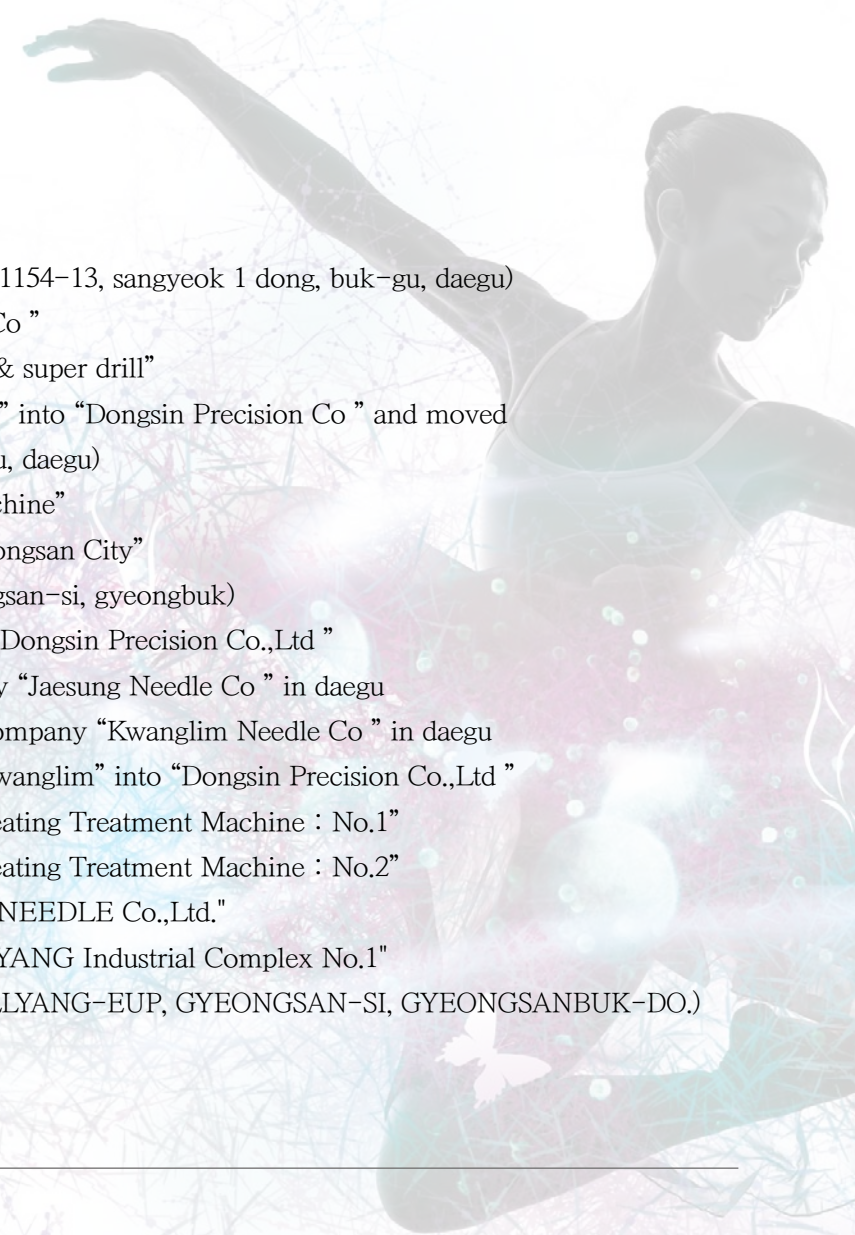

We established "YONG-IL INDUSTRY" in 1967 and strived to produce various needles.
 In 1994, we established "DONGSIN PRECISION Co.,Ltd." to focus on producing knitting needles with high quality.
 As of now, we are exporting our products to over fifty countries and have gained recognition and high reputation globally.

In 2018, we changed the company name to "DSNEEDLE Co.,Ltd." for better company brand identity.
 We are continuing to innovate using our achievements accumulated over fifty years of technical know-how.

Thank you.
